ACCS 2023 14th Asian Conference on Chemical Sensors

20-23 November 2023 ● University of Santo Tomas, Manila, Philippines

INVITATION

We have the pleasure to invite you to participate in the **14th Asian Conference on Chemical Sensors (ACCS 2023)** which will be held at the University of Santo Tomas in Manila, Philippines on 20-23 November 2023.

ACCS 2023 is a multidisciplinary meeting of scientists and engineers engaged in research and innovation in the field of chemical sensors. It presents an excellent venue for the sharing and exchange of knowledge and experience in diverse aspects of chemical sensors research and development. It also provides an opportune occasion for young researchers to meet and establish linkage with leading and experienced scientists in the sphere of chemical sensors.

ACCS 2023 is organized by the University of Santo Tomas with the cooperation of the Chemical Society of the Philippines (*Kapisanang Kimika ng Pilipinas*) – Division of Analytical Science.

CONFERENCE VENUE

ACCS 2023 will be held at the University of Santo Tomas in Manila, Philippines.

The University of Santo Tomas is a leading university in the Philippines and has the distinction of being the oldest existing university in Asia, having been established in 1611. It is located in the heart of the city of Manila.

CONFERENCE SCOPE

ACCS 2023 will cover the following areas:

- *Sensor fundamentals*: sensing mechanisms; sensor materials
- *Sensor systems and devices*: optical sensors; electro-chemical sensors; piezoelectric sensors; biosensors and bio-inspired chemical sensors
- *Sensor applications and technologies*: environmental sensors; biomedical sensors; electronic nose systems; wireless sensors; wearable sensors
